

SOTRAS

CERTIFICATE OF RoHS COMPLIANCE

This document certifies that SOTRAS's products, listed below, are fully:

- RoHS compliant as of January 2002 in accordance with EU RoHS Directive 2011/65/EU (restriction of the use of certain hazardous substances in electrical and electronic equipment),
- RoHS compliant as of January 2002 in accordance with EU ELV Directive 2000/53/EC (recovery of end-of life vehicles and their components),

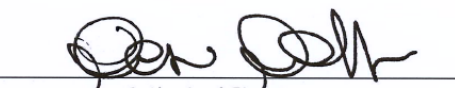

<i>Products</i>	<i>Family Code</i>
AIR / OIL SEPARATORS	DA - DB - DC - DE - DF
HYDRAULIC FILTERS	SH
AIR FILTERS	SA - SM
ACCESSORIES	SR - SK - NP

Based on information provided by our suppliers, SOTRAS declares that the products listed above do not contain any of the restricted substances listed in the table below in concentrations exceeding the Maximum Concentration Value(MCV) referred to RoHS and ELV Directives.

<i>Substance</i>	<i>Threshold limit by weight</i>	<i>Applicable product category</i>
Asbestos	0,1%	<i>Gaskets</i>
Cadmium (Cd)	0,01%	<i>Plated components</i>
Hexavalent chromium (Cr+6)	0,1%	<i>Anti-corrosion coating of steel components</i>
Mercury (Hg)	0,1%	<i>Float valves</i>
Lead (Pb)	0,1%	<i>Solders</i>

We hereby declare that RoHS and ELV restricted substances are not intentionally added to our products and unintentional amount of the restricted substances are within those limitations of RoHS and ELV Directives.

However the above filters are designed and manufactured in accordance with the national sound engineering practice and the correct quality control procedures according to our Quality Management System, Certificate UNI EN ISO 9001:2008, in order to ensure compliance to International Standards and safe use.
